

**BUILDING A
SUSTAINABLE FUTURE,
ONE BLOCK AT A TIME.**

Lisa Hasselwander - Maya Pham - Marc Principato

//THE EVIDENCE FOR RAPID CLIMATE CHANGE IS COMPELLING//

//01

**GLACIERS
ARE MELTING.**

//02

**EXTREME EVENTS
ARE INCREASING.**

//03

**TEMPERATURE
IS RISING.**

A photograph of a dense forest, likely a tropical rainforest, with thick smoke rising from the trees, suggesting a fire. The smoke is thick and white, partially obscuring the green foliage. The sky is a hazy, light orange-brown color. The overall mood is somber and urgent.

**IT'S
TIME
TO ACT.**

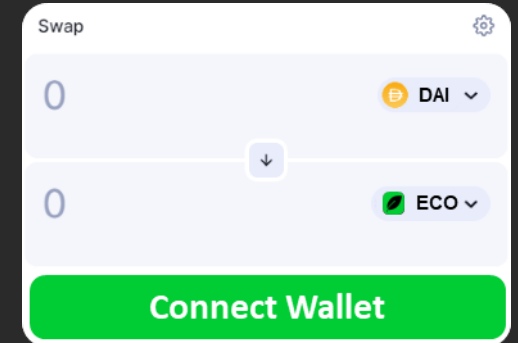

WELCOME TO

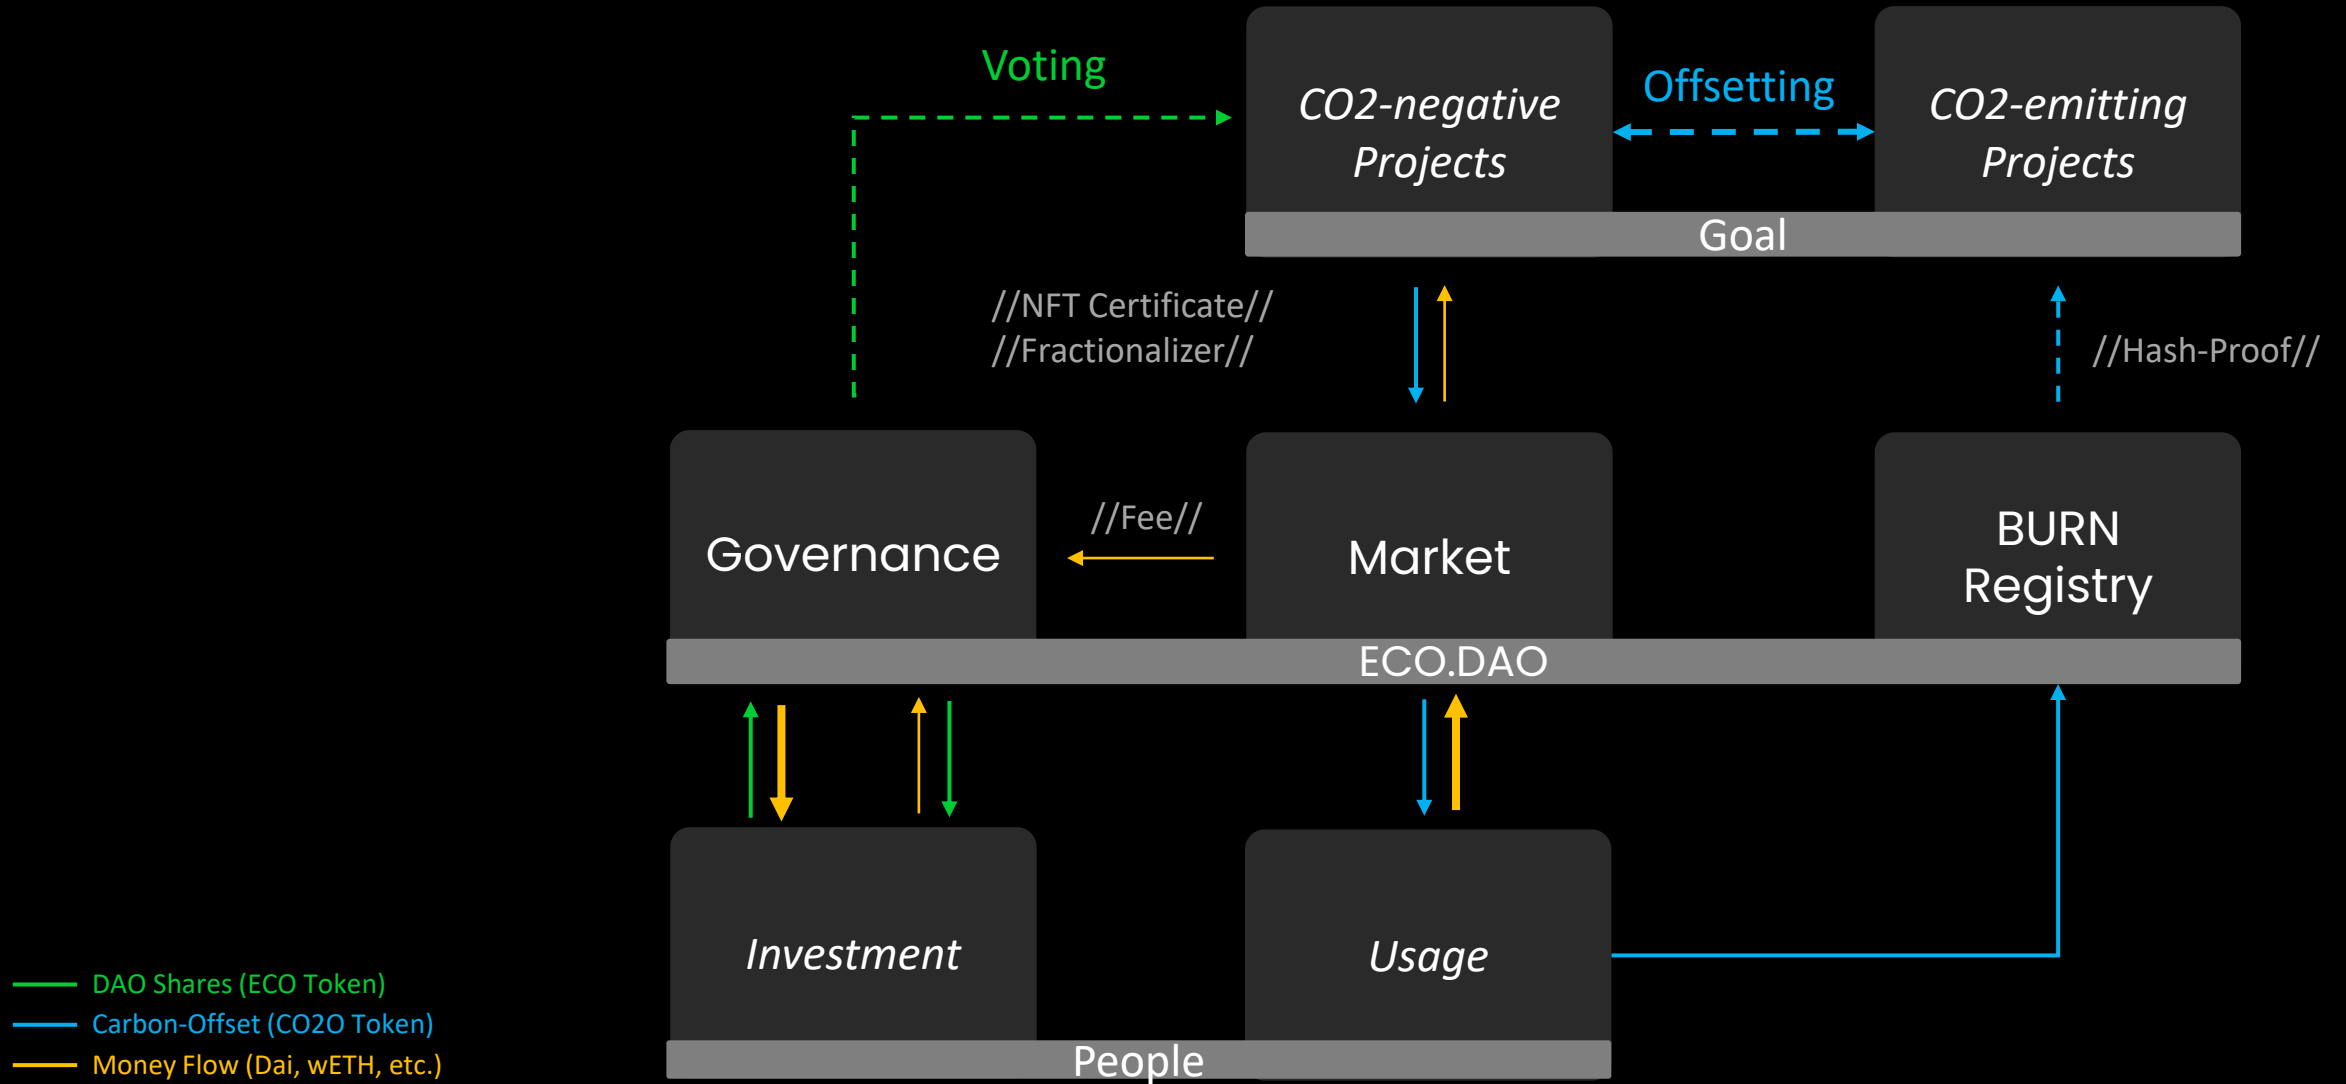

ECO.DAO

Fight climate change and earn rewards with ECO, a digital currency backed by real carbon assets.

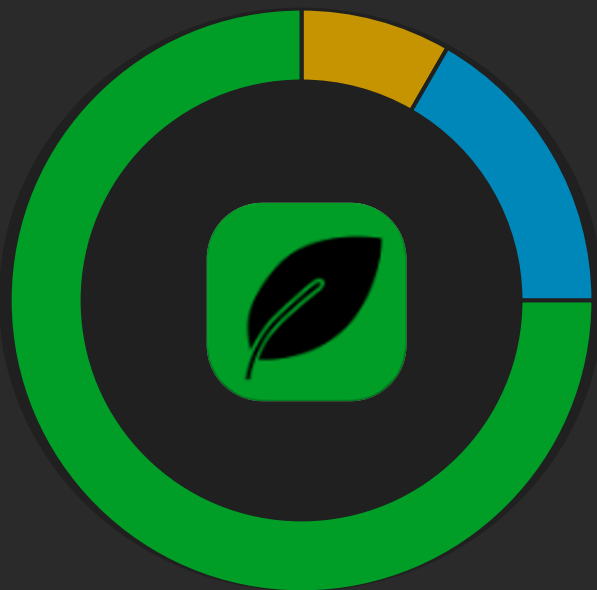

Get exposure to the growing carbon economy today. Acquire, stake, and get rewarded. Financial activism for the climate.

ECO Shares Distribution

■ Developers ■ Sustainable Projects ■ Market

// Market Incentives

Investors are incentivized to select only trustworthy CO2O Projects.

// State Institutions

Respective state institutions can be granted Admin rights and/or more can acquire ECO voting power.
